Tomorrow...Today”**

**TCS Strategic Plan**

# Transylvania County Schools Strategic Plan 2025-2030

## Our Vision

Transylvania County Schools **leads** education by **cultivating resilient, future-ready** students.

## Our Mission

We are dedicated to academic **excellence** by fostering a **safe, supportive** and **innovative** learning environment.

### Student Achievement

- Become the first choice for our residents by consistently meeting and/or exceeding growth and proficiency targets in reading and math.
- Offer work-based learning opportunities that connect education with real-world experiences better preparing our students for the workforce.
- Ensure all students acquire essential STEM-based problem-solving skills—including Science, Technology, Engineering, and Math—and gain experience with Artificial Intelligence (AI), recognizing these as critical competencies across all future careers, including every Career and Technical Education pathway.

### Human Resources/ Quality Staff

- Maintain a higher-than-state average retention rate, ensuring staffing stability according to the Annual State of the Teaching Profession report.
- Strengthen the entire employee pipeline by implementing a “grow your own” strategy, cultivating future employees and teachers from within our community.

### Communication & Community Engagement

- Enhance engagement opportunities for students, families, and staff to build a thriving school community.
- Engage and inform stakeholders through clear, concise communication and proactive promotion across multiple media outlets.
- Expand local education and economic development partnerships.

### Safe & Innovative Learning Environment

- Create comprehensive short- and long-range facility plans to ensure our schools are equipped for future growth and success.
- Consistently meet or exceed local, state, and national safety and maintenance standards to ensure a secure and well-maintained learning environment.

Building a **Stronger** Tomorrow... **Today!**
