Parent Approval for Consultative AIG Services at Brevard High School

I understand that many of my child's AIG needs in high school will be met through annual Course Selection and that AIG services at BHS are mainly consultative, as outlined above.

_____ **I agree** for my child to receive consultative AIG services. I would like to share the information on this DEP with my child's BHS teachers each semester. I understand that we may revise this DEP at any time during my child's enrollment at Brevard High School.

_____ **I prefer to opt out** of consultative AIG services. I understand that I may opt back in at any time.
