NORTH CAROLINA EDUCATION LOTTERY PUBLIC SCHOOL BUILDING CAPITAL FUND DISTRIBUTION REQUEST

The CENTEGIX Safety Platform is a comprehensive school safety solution that includes wearable emergency alert badges, real-time visitor management, dynamic campus mapping, and reunification tools. With the push of a button, any staff member can instantly alert administrators, on-site responders, and 911—with exact location details—to respond quickly to emergencies ranging from medical issues to lockdowns. The system is installed as a capital improvement and operates on a private network that does not burden existing IT infrastructure. This long-term investment strengthens daily security, empowers every employee to take immediate action during a crisis, and provides peace of mind for staff, students, and families.
