1. **Approval of Agenda**  
ON A MOTION BY MRS. MCCOY, SECONDED BY MR. GRIFFIN, the meeting agenda for June 15, 2020 was unanimously approved as presented.
2. **Public Comment**  
None
3. **Good News Report**  
Dr. McDaris reported the following items:

***District TOY and TAOY Winners***

Congratulations to Laura Smith, RMS, for being named as the Transylvania County Schools Teacher of the Year for 2020-2021 and Carri Harris, BHS, for being named as the Transylvania County Schools Teacher Assistant of the Year for 2020-2021. The winners were announced in an online presentation on June 10. Our thanks to retired educators Susan Bir, Kathy Haehnel, Vera Taylor, Frances Bradburn, Sue Fox, and Molly Tartt who worked with Amber Webb and Kevin Smith to review the candidates and make the final selections. We are very proud of Ms. Smith, Ms. Harris, and all the TCS educators who were selected earlier in the year as the “best of the best” for 2020-2021 (see below). The Teacher of the Year award is sponsored by First Citizens Bank of Brevard.

**Student Services Person of the Year:** Hallie Moore (BHS)

**Media/Technology Person of the Year:** Cameron Weaver (PFES)

**Teachers of the Year:** Maggie McLaughlin (BES), Erica Thompson (BHS), Glenda Bingle (BMS), Jessica Williams (DRS), Emily Fields (PFES), Jessica Ammons (RES), Sara Cathey (RHS), Laura Smith (RMS), and Margaret Joseph (TCH)

**DISTRICT Teacher Assistant of the Year:** Carri Harris (BHS)

**DISTRICT Teacher of the Year:** Laura Smith (RMS)

***Education Center Doors***

Our thanks to Julie Roberts, Sheila Byrd, and Jill Barger for staining, sealing and painting the new entry doors and trim at the Education Center. Thanks also to Rick Smith and Randy Shuler for installing the doors. We are happy to have these energy efficient and handsome improvements to the building.

***RMS Winners in Democracy Project of Transylvania***

The Democracy Project of Transylvania was organized in 2017 to encourage and support civic engagement, knowledge and awareness among young people and the broader community. Middle school students from public and private schools are invited to participate in a competition each year in which they present projects focused around a central theme. This year's theme was *“Speak Out Young Americans: How does democracy help us work together to open communication, practice good citizenship, build the community, create solutions, and shape the future.”* Congratulations to the following Rosman Middle School students who took prizes in the 2020 Democracy Project competition:

Tristan Powell - 1<sup>st</sup> Place, Three Poems (Poetry)  
 Hope Cook - 1<sup>st</sup> Place, Equality (PowerPoint)  
 Callie Garren - 2<sup>nd</sup> Place, Speak Out Young Americans (Poster)  
 Alaina Curro, Catherine Stamey, and Sarah James - 3<sup>rd</sup> Place, Bullying (PowerPoint)

### ***Summer Meal Program 2020***

Summertime brings a break from school, but the need for good nutrition does not end when school lets out. The Transylvania County Schools Department of School Nutrition will provide the summer meal program again this year to students and children in Transylvania County and surrounding communities. The program is available free of charge to all children ages 18 and under at the following sites:

Dr. McDaris thanked Officer Thomas for securing the meeting.

#### **4. Former Students in the Military**

The board reviewed the list of former students from Brevard High School, Rosman High School, and Davidson River School who are currently serving or have previously served in the U.S. Military. There were no new names on the list:

#### **5. Consent Agenda**

ON A MOTION BY MRS. MCCOY, SECONDED BY MR. GRIFFIN, the board approved the minutes of the June 1, 2020 meeting and the personnel report (attached) for June 15, 2020 (FOR: McCoy, Kiviniemi, Domokur, Griffin; RECUSED: Wellborn).

#### **6. Technology Purchase**

Chris Whitlock requested approval for a budgeted purchase of 700 Chromebooks and cases for the 2020-2021 school year. Board approval is required for purchases in excess of \$90,000. This is the normal four-year rotation of replacement student devices for Brevard Middle School. Salvageable devices from BMS will be repurposed. An RFP was not required because a federal TIPS contract will be used. The vendor selected, Trinity3 Technology, handles warranty and replacement services for all our other

Chromebooks. The board reviewed the sales quote and asked about Trinity's service record. Mr. Whitlock reported that he has purchased from Trinity for the last 5-6 years. They provide timely service and four-year extended warranties on equipment. Mr. Griffin made a motion to approve the purchase. Attorney Caudle recommended making the motion subject to approval by the board attorney. The motion died for lack of a second. ON A NEW MOTION BY MRS. MCCOY, SECONDED BY MR. GRIFFIN, the board unanimously approved the purchase of 700 Chromebooks and cases from Trinity3 Technology in the amount of \$208,109.13 subject to approval of the purchase contract by the board attorney.

7. **Career and College Readiness Portfolio**

Director Missy Ellenberger reported that due to the loss of two months of regular school, the administration would like to temporarily suspend the TCS Career and College Readiness Portfolio (CCRP). The portfolio is a local component of policy 3460, Graduation Requirements. The CCRP committee met in early June and discussed academic deficits and the need to devote time upon re-entry to enrichment, review, and social-emotional anxiety among students. A subsequent survey of teachers showed that 90% of respondents wanted to postpone/suspend the CCRPs. Mrs. Ellenberger reported that the committee would like to suspend CCRP for the upcoming year and begin again with the 2021-2022 class of incoming freshmen. Mr. Kiviniemi asked if any of the 2019-2020 portfolios had been completed. Mrs. Ellenberger reported that juniors and sophomores were on track until the shutdown occurred and stopped progress. She reported that the schools will support any student who wants to continue working on their portfolio once schools re-open. ON A MOTION BY MR. GRIFFIN, SECONDED BY MRS. WELLBORN, the board voted unanimously to temporarily suspend the Career and College Readiness Portfolio requirement until the incoming freshman class of 2021-2022 and to support the students who want to continue working on the portfolios that were halted by the 2020 shutdown.

8. **CTE Plan 2020-2021**

On June 1, Missy Ellenberger presented the Career and Technical Education (CTE) plan for 2020-2021. She reviewed minor changes made since then and reported that the state allotment has been uploaded and approved. Mr. Kiviniemi asked about science proficiency rates that were below the state benchmark. Mrs. Ellenberger reported that Measures were put in place this year to address Biology deficits, but the impact is not yet known because there was no end-of-year testing this year (data reflected in the plan is from 2018-2019). Mr. Kiviniemi also expressed concerns about below-benchmark scores among the Latino population. Mrs. Ellenberger explained that language barriers associated with the testing instrument could be a factor. She hopes to see growth in this area now that an additional ESL teacher has been hired. There was no further discussion and, ON A MOTION BY MRS. WELLBORN, SECONDED BY MRS. DOMOKUR, the Career and Technical Education Plan for 2020-2021 was unanimously approved.

9. **Safe Schools, Athletics & Transportation Update**

Director Alan Justice gave an overview of transportation, safety, and athletics for the 2019-2020 school year:

**Transportation** - This year the school system operated and maintained 106 vehicles and employed 35 bus drivers and 4 bus monitors. We transported 1,463 students, traveled 2,024 miles per day, and handled over 350 requests for field trips and sports. Our system has not had an activity bus breakdown in over 10 years; however, our mechanics are called out frequently to fix other district's buses. The extended stop arms on our buses have proved to be an invaluable safety feature.

Next will be the addition of extra grill lights for improved visibility. At this time, all driver's education classes have been suspended. Challenges ahead include driver shortages, special education transportation, new state/federal medical requirements for drivers, need for more activity buses, and re-entry. Current DHHS re-entry guidelines for buses would require health screenings before boarding and limit capacity to one child per seat. Board members asked whether extra bus monitors and equipment would be needed and how that would be funded. Mr. Justice reported they have received some funding from the state and have applied for grants and other assistance. It is not known how many extra routes or personnel may be needed until we know the re-entry plan for next year.

**Safe Schools** - Transylvania County Schools had 16 reportable offenses in grades 6-12 this year. This is in line with the previous two years. In-school suspensions (ISS) and out-of-school suspensions (OSS) have decreased as principals explore other student discipline methods. Chris Whitlock and Alan Justice have completed training to provide CPR training to school employees through a partnership with Blue Ridge Community College. *Stop the Bleed* training was provided to new staff members at all nine schools. The "Say Something" tip line has been put on hold, but the regular tip line is still in place. All school risk management plans are in place for local emergency services. The TCS Comprehensive Threat Assessment plan was finalized and put in place for 2019-2020.

**Drug Testing** - Four test administrations were completed in 2019-2020. Two-hundred twenty-five students in grades 6-12 were randomly tested out of a pool of 2156 eligible students. Tests were administered to 10% of the selection, and 2% tested positive (all marijuana).

**SROs** - School Resource Officers remain vital resources in our schools with parent contacts, student contacts, sporting events, teaching classes, fire and safety drills, help with DSS referrals, etc. Thanks to a strong partnership with the Transylvania County Sheriff's Department that provides SROs for each school, our system is far ahead of many other school systems across the state.

**Athletics** - Phase I of the NCHSAA and Pardee Health guidelines for high school workouts began on June 15. Workouts are not mandatory and participation requires a parental consent form. Students with high-risk health issues will require additional clearance from a healthcare provider. Face coverings and personal water bottles are required. Gatherings are limited to 25 people per outside venue and 10 people per inside venue. This includes coaches and athletes. Workouts are limited to one 90-minute session per day with no more than 60 minutes of cardio per workout and four workouts per week. Weight rooms are closed. Health screenings, social distancing, and sanitization guidelines will be implemented by athletic trainers. If all goes well, Phase II middle school workouts may begin on July 6. Mr. Griffin asked about rules for stadiums and other venues this fall. Mr. Justice reported they are awaiting further guidance from the Governor's office.

#### 10. **School Nutrition Bids for 2020-2021**

The School Nutrition Procurement Plan calls for a list of goods and services that go out for bid to be provided to the board each year. Director Carolyn Barton presented the bid results for the 2020-2021 year. Milk and produce bids were rolled forward from last year. New bids were requested for food and supplies, and U.S. Foods out of Fort Mill, SC was the successful bidder for both. Mrs. Barton has used U.S. Foods in the past and been very satisfied with their service. ON A MOTION BY MRS. MCCOY, SECONDED BY

MRS. DOMOKUR, the School Nutrition bid results for the 2020-2021 school year were unanimously approved pending review by the board attorney.

Mr. Griffin requested an update on summer feeding. Mrs. Barton reported that deliveries have slowed down and the number of meals has settled to about 1,100 per day (not including the *Emergency-Meals-to-You*). This is still a higher volume than what is seen during a normal summer. Although some families are receiving assistance from other agencies, TCS School Nutrition remains the primary source for children at risk of food insecurity. Chairman McCoy thanked Mrs. Barton and her staff for all they did to feed children during the shutdown. Mrs. Barton commended the transportation staff who went above and beyond in delivering meals, saying they could not have done it without them.

**11. Bids for TCS Paving and RES Emergency Access**

Bids were received on May 28 for the BES track resurfacing, BMS upper drive/parking resurfacing, RES parking/drive resurfacing and emergency access paving, and RHS paving in front of the home bleachers. Norris Barger reported that the projects were bid as a package to promote better pricing, and the RHS concrete and RES emergency access jobs were bid as alternates because of the nature of the projects. He recommended the contract awards and proposal for funding listed below. He noted that in order to include the alternates that were bid, funds would need to be transferred within line items because of the way in which the county funds our capital budget.

Recommendation	Base	Alt	Total
Paving -Trace & Co.	155,600.59	38,357.45	193,958.04
RES access - Gosnell	67,490.00	15,525.00	83,015.00
RHS stadium concrete - Gosnell	35,810.00	-	35,810.00
Engineering and permits	23,340.00	-	23,340.00
Total	282,240.59	53,882.45	336,123.04

Budget	325,500.00
BMS locker reno budget surplus	6,298.00
RHS stadium negotiated savings	1,825.04
RES gate deduct (owner supplied)	2,500.00
Total funds available	336,123.04

ON A MOTION BY MRS. WELLBORN, SECONDED BY MR. GRIFFIN, the board unanimously approved the bid awards and proposal for funding as recommended, and authorized the superintendent to enter into contracts and request line item budget transfers from the county manager contingent upon contract approval by the board attorney and approval of funding changes by the county.

**12. Bond Update**

Norris Barger reported that the school bond construction team has completed its second value engineering pass and is getting closer to its target. The first value engineering pass came in approximately 17 percent over budget, which is normal for a first “broad strokes” attempt. The second, third, and fourth passes will further lower that amount. Mr. Barger described how the value engineering process allows the CMAR to develop a GMP (guaranteed maximum price) by evaluating every item that impacts total cost in order to eliminate costly change orders down the line and before going out for bids. It is an important and very necessary step for a complex project such as ours and represents the best delivery method in today’s market. Mr. Barger expressed confidence that Vannoy will be able to give us what we need for the right price. He added that in the unlikely event the board is unable to negotiate a fair GMP, we would move on to the next

CMAR firm on the list. Mrs. Domokur stated that she is very confident with where we are right now.

Chairman McCoy reported that the board has paused efforts to schedule large group meetings to update the public on the bond projects until a way can be found to hold the meetings safely. Mrs. Wellborn asked if this would be the largest construction project ever for our county. Mr. Barger stated that it certainly would be the largest public construction so far. Mrs. Wellborn addressed complaints from some in the community that things are moving too slowly. She remarked that “just because the process takes longer does not mean the sky is falling,” and advised everyone to be patient and let the process work in order to ensure our schools receive the maximum possible benefit from the \$68 million bond that the voters approved.

**13. FY21 Budget Update**

Dr. McDaris reported that the commissioners have held public hearings on the FY21 budget and an initial recommendation has been received from the county manager. Mr. Barger reported there is no definitive information yet regarding state emergency COVID-19 funding and the CARES Act. Mr. Griffin expressed concern that teachers may get a \$375 bonus over two years in lieu of a pay raise. Dr. McDaris confirmed that is one proposal being considered by NC state legislators.

**14. FY21 Interim Budget Resolution**

Dr. McDaris reported that each June, the board must adopt an interim budget resolution in order to pay salaries and normal operating expenses for the period beginning July 1 of the new fiscal year until the final budget resolution is adopted. ON A MOTION BY MRS. WELLBORN, SECONDED BY MR. KIVINIEMI, the interim budget resolution for the period beginning July 1, 2020 until adoption of the 2020-2021 budget resolution was unanimously approved (see attached).

**15. Superintendent's Update**

Dr. McDaris reported that the Department of Public Instruction and State Board of Education in consultation with the NC Department of Health and Human Services has developed a 116-page document to guide schools in re-opening this fall. *Lighting Our Way Forward: North Carolina's Guidebook for Reopening Public Schools*, contains three basic plans for re-entry:

**Plan A** - If North Carolina's COVID-19 metrics stabilize and improve, schools would basically re-open as “normal” with minimal social distancing and some limitations for large groups.

**Plan B** - If COVID-19 metrics do not improve, schools and buses would operate at 50% capacity and moderate social distancing would be required. Plan B contains several options:

- A. Some students are on campus all the time and others take classes at home all the time.
- B. Students go to school on alternating days.
- C. Students go to school on alternating weeks.
- D. Students spend half the day on campus and half the day learning at home.
- E. Teachers provide remote learning all day. Schools would decide which students and staff are at home and who are on campus.
- F. Schools use a hybrid of the different scheduling options.

**Plan C** - If COVID-19 metrics significantly worsen, schools would operate with only remote learning.

Dr. McDaris stated that Plan A is his preferred choice and Plan B would be the most difficult to implement. Mr. Kiviniemi emphasized that local re-entry will follow the Governor's guidelines. Mrs. Domokur asked when a decision is expected, noting that parents need to make child care arrangements and teachers need to prepare instruction. Dr. McDaris stated that he hopes an announcement will come later this month or early July. Much will depend on whether North Carolina's infection rates increase or decrease over the next few weeks.

**16. Important Dates**

Dr. McDaris reviewed upcoming meetings/events. The board returns to a once-a-month meeting schedule beginning in July. Meetings will be held on the third Monday of the month unless otherwise noted.

**17. Public Comment**

None

**18. Other Items**

Chairman McCoy read the following statement:

"Our country has been through difficult times in the last few weeks. The Transylvania County Board of Education and Transylvania County Schools believe that all North Carolina children shall have the opportunity to reach their full potential through equitable and meaningful public education. We affirm our belief in diversity, acceptance, and kindness, and further assert that racism is not tolerated in Transylvania County Schools. We will continue to work to ensure all students have access to a sound basic education—a constitutional right that has been guaranteed to each and every child in North Carolina. We know that to make meaningful change, the dedication and commitment to change must last far beyond the current moment. We urge all stakeholders to engage in collective efforts to build the moral and equitable world that our young people deserve."

There was no further business, and ON A MOTION BY MR. GRIFFIN, SECONDED BY MR. KIVINIEMI, the meeting was adjourned at 8:40 p.m.

Respectfully submitted,
