

1 The Transylvania County Board of Education (the “board”) recognizes the critical role of parents
2 in the education of their children and in the schools. The board directs school administrators to
3 develop programs that will promote and support parental involvement in student learning and
4 achievement at school and at home and encourage successful progress toward graduation. Each
5 parent is encouraged to learn about the educational program, the educational goals and objectives
6 of the school system, and his or her own child’s progress. The board also encourages parents to
7 participate in activities designed by school personnel to involve them, such as parent
8 conferences, in order to encourage effective communication.
9

10 The board directs each principal or designee to develop a parental involvement plan as a part of
11 the school improvement plan. This plan must include, at a minimum, efforts that meet the
12 requirements established in this policy. In addition, the plan must include ways to enhance
13 parental involvement in the following areas:
14

- 15 1. meaningful two-way communication between home and school;
- 16 2. involvement of parents and guardians in student learning;
- 17 3. promotion of volunteering;
- 18 4. involvement of parents and guardians in school decisions that affect children and

38 The principal or designee shall strive, through oral or written communication or other
39 means, to include the parents of students identified as at-risk in the implementation and
40 review of academic and/or behavioral interventions for their children, in accordance with
41 policy 3405, Students at Risk of Academic Failure.
42

43 The principal or designee shall provide the parent of each student in kindergarten, first, or
44 second grade with written notification of the student’s reading progress. The notice will

45 be provided three times a year, following each benchmark assessment, and will include:
46 (1) assessment results; (2) whether the child may not reach reading proficiency by the end
47 of third grade; and (3) instructional support activities for use at home.
48

49 The board encourages the superintendent to work with local business leaders, including
50 the local chambers of commerce, to encourage employers to adopt as part of their stated
51 personnel policies time for employees who are parents or guardians to attend conferences
52 with their child's teachers.
