

1 The [Transylvania County Board of Education \(the “board”\)](#) recognizes the importance of
2 homework in supplementing classroom instruction and furthering the goals of the educational
3 program. Homework reinforces learning and fosters independence, responsibility, and self-
4 direction.
5

6 Homework assignments should strengthen skills, provide practice in subjects that already have
7 been taught in class, and improve a student’s ability to work independently. Teachers should
8 take into consideration the differences in financial, educational, and technological resources of
9 students and their parents or guardians when making assignments. In addition, the amount of
10 time necessary to complete the tasks should be reasonable in light of the age and maturity of the
11 students and other assignments given to the students.
12

13 Principals shall ensure that homework assignments are made in accordance with this policy.
14 Principals are encouraged to involve staff, parents, and students in developing standards for
15 appropriate types and amounts of homework for the school or particular grade levels.
16

17 [The superintendent shall develop administrative procedures and guidelines consistent with this](#)
18 [policy. Such procedures and guidelines shall be distributed to all students, parents, and teachers.](#)
