

1 The Transylvania County Board of Education (the “board”) recognizes that it is important for  
2 students to receive proper nutrition so that they are ready and able to take advantage of  
3 educational opportunities.

4

5 The goals of the school nutrition services program are as follows:

6

7 1. operating the school nutrition program efficiently so that earnings may be used to reduce  
8 the cost of food, serve better food, or provide free or reduced price meals to eligible  
9 students;

10

11 2. enhancing students’ ability to learn by offering a variety of safe, nutritious, and appealing  
12 food and beverage options for student meals at school;

13

14 3. minimizing obesity and encouraging lifelong healthy eating habits consistent with the  
15 health education curriculum; and

16

17 4. providing courteous service to students, employees, and authorized visitors.
