

1 Principals may assign individual student parking spaces or designate parking areas for students.
2 Whenever individual spaces are designated or assigned, first priority will be given to individuals
3 with physical disabilities. Students who need transportation in order to participate in school-
4 related internships or off-site learning opportunities will have priority for parking spaces over
5 other students. Pursuant to G.S. 115C-46, principals may provide for the registration of vehicles
6 and remove cars parked in violation of school rules.
7

8 Parking on school grounds is a privilege, not a right. Parking privileges may be revoked as a
9 consequence for violating parking rules or for violating student behavior policies, school
10 standards, or school rules as provided in policy 4302, School Plan for Management of Student
11 Behavior. **School officials retain authority to conduct routine patrols of student parking lots and**
12 **inspections of the exteriors of student motor vehicles on school property for any reason without**
13 **notice or consent.** Student cars parked on school property may be searched in accordance with
14 policy 4342, Student Searches.
