

1 When personal property becomes unnecessary and undesirable for public school purposes, the
2 school system will sell or dispose of the property in order to provide additional revenue for
3 educational purposes, in accordance with the requirements of G.S. 115C-518 and G.S. 160A,
4 article 12. Contracts for the sale or disposal of surplus property must be consistent with G.S.
5 147, art. 6E and 6G. Before any property may be sold or disposed of, it must be removed from
6 the appropriate fixed asset inventory.

7
8 The superintendent or designee shall ensure that any confidential, proprietary, or other
9 identifying information is removed from surplus property prior to disposition. In addition, the
10 disposal of any equipment or other property through waste management services must be done in
11 a manner consistent with environmental or other relevant rules and regulations.

12
13 **A. PROPERTY WORTH LESS THAN \$30,000**

14
15 Pursuant to G.S. 160A-266(c), the Transylvania County Board of Education (the “board”) 
16 permits the superintendent or designee to dispose of personal property worth less than
17 \$30,000 for a single item or group of similar items; to set the property’s fair market
18 value; and to convey title to the property for the board of education. Prior to disposition,
19 the superintendent or designee must make a finding that the property is no longer
20 necessary or desirable for school use.

21
22 Property covered by this section may be disposed of through a public or private exchange
23 or sale. Pursuant to G.S. 160A-270(c), the board delegates to the superintendent or
24 designee the authority to conduct electronic auctions of surplus property. The
25 superintendent or designee shall choose or recommend a method of disposal that is
26 designed to obtain a fair market value for the property in the most efficient and
27 economical manner possible and is in the best interest of the school system, as
28 determined by the superintendent or designee.

29
30 **B. PROPERTY WORTH \$30,000 OR MORE**
