Decisions regarding the employment of teachers who fail to meet the required proficiency standard for renewal of a continuing professional license will be made in accordance with G.S. 115C-270.30(b)(4) and applicable State Board of Education requirements. The superintendent or designee may authorize or direct principals to prescribe professional development to such employees in accordance with the employee's demonstrated deficiencies.

101 F. PARENTAL NOTIFICATION

103 At the beginning of each school year, school system officials shall notify the parents or 104 guardians of each student attending a Title I school or participating in a Title I program of 105 their right to request the following information about qualifications of their child's 106 teacher: whether the teacher has met NC qualification and licensing criteria for the grade 107 level(s) and subject area(s) in which the teacher provides instruction; whether the teacher 108 is teaching under emergency or other provisional status through which North Carolina 109 qualifications or licensing criteria have been waived; whether the teacher is teaching in 110 the field of discipline of his or her certification; and whether the child is provided 111 services by a paraprofessional, and if so, the paraprofessional's qualifications. 112

113 The school system will give notice within ten (10) school days to the parents of children 114 who have been assigned or, after four (4) consecutive weeks, have been taught by a 115 teacher who does not meet applicable State certification or licensure requirements at the 116 grade level and subject area in which the teacher has been assigned. 117

118 G. EQUITABLE DISTRIBUTION OF TEACHERS

The superintendent shall assess whether low-income, minority, learning disabled, and/or English learners are being taught by inexperienced, ineffective, or out-of-field teachers at higher rates than students who do not fall into these categories and shall develop a plan to address any such disparities. If DPI does not require such a plan of the LEA, the superintendent is not required to develop a plan under this subsection unless he or she determines that one is needed to address inequities within the school system.
