School: _____

Exposure Date: _____

Exposure Information

School where the incident occurred: _____

Type of protection equipment used (gloves, eye protection, etc.): _____

Describe how you were exposed: _____

Tell how this type of exposure can be prevented: _____

Statement of Understanding

I have been fully trained in TCS's Exposure Control Plan, and I understand I may have contracted an infectious disease such as HIV, HAV, HCV or HBV. I also understand the implications of contracting these diseases.

It has been recommended by my employer that I receive follow-up medical testing to determine whether or not I have contracted an infectious disease such as HIV, HAV, HCV or HBV. I have also been offered follow-up medical care in the form of counseling and medical evaluation of any acute febrile illness (new illness accompanied by fever) that occurs within twelve weeks post-exposure.

Despite all the information I have received, for personal reasons I freely decline this post-exposure evaluation and follow-up care.

Exposed Individual's Signature: _____ Date: _____

Witness Name: _____ Signature: _____
