

~~EXTRACURRICULAR AND NON-INSTRUCTIONAL DUTIES~~ — ~~FILE: GCKA~~

~~Believing that instructional duties are a teacher's primary focus, the Transylvania County Board of Education expects non-instructional duties assigned to teachers to be limited to the extent possible given federal, state, and local laws, rules, and policies. In addition, the assignment of non-instructional duties to Initially Licensed Teachers and teachers with twenty-seven or more years of experience should be minimized. The assignment of extracurricular duties to Initially Licensed Teachers and teachers with twenty-seven or more years of experience can only be made to these teachers based on the written request of that teacher receiving the extracurricular assignment.~~

~~The Transylvania County Board of Education gives the superintendent or the superintendent's designee the authority to waive the requirements of this policy in emergency situations.~~

~~APPROVED BY BOARD
AND EFFECTIVE 11/1/99~~
