1 Policy Code: 4318 Use of Wireless Communication Devices

2 The Transylvania County Board of Education (the "board") recognizes that cellular 3 phones and other wireless communication devices have become an important tool 4 through which parents communicate with their children. Therefore, students are permitted to possess such devices on school property so long as the devices are not 5 activated, used, displayed, or visible during instructional time in accordance with this 6 policy and as otherwise directed by school rules or school personnel. Wireless 7 8 communication devices include, but are not limited to, cellular phones, electronic 9 devices with internet capability, paging devices, two-way radios, and similar 10 devices. Internet-enabled smartwatches are considered wireless communication devices when 11 used for messaging or accessing the internet.

12 A. Authorized Use

Elementary and middle school students are not permitted to posses have wireless communication devices activated, in use, displayed, or visible at school during the instructional day unless authorized by the principal due to special circumstances. The principal may grant such approval on a case by case basis and, if necessary, will provide the student with instructions on how the device must be secured at school. The device should not be used or otherwise visible at any time during the instructional day.

20 High school students are permitted to possess wireless communication devices at 21 school as long as the devices are secured during instructional time. Such devices 22 may be used or otherwise visible only during non-instructional time and at the discretion of the principal. For purposes of this requirement, non-instructional time 23 24 includes lunch periods (in designated areas, such as the cafeteria and other 25 eating spaces) and before and after the instructional day; however, the devices should remain secured and should not be used or otherwise visible during class 26 changes. At the discretion of the principal, wireless communication devices may 27 be used in a distance education class or in a class for which the teacher is not 28 physically located at the school, provided that any communication between a 29 30 student and a teacher occurs in accordance with policy 4040/7310, Staff-Student Relations, and policy 7335, Employee Use of Social Media, as applicable. 31

Administrators may authorize individual students to use wireless communication devices for personal purposes when there is a reasonable need for such communication. Teachers and administrators may authorize individual students to use the devices for instructional purposes, provided that they supervise the students during such use.

Although use generally is permitted before and after school, use of cellular phones
 and other wireless communication devices may be prohibited on school buses
 when noise from such devices interferes with the safe operation of the buses. In
 addition, elementary and middle school students who participate in after-school

43 B. Consequences for Unauthorized Use

School employees may immediately confiscate any wireless communication
 devices that are on, used, displayed, or visible in violation of this policy. Absent
 compelling and unusual circumstances, confiscated wireless communication
 devices will be returned only to the student's parent. The principal has the
 discretion to return devices to the student based on compelling and unusual
 circumstances.

50 The disciplinary consequences for violations of this policy will be consistent with 51 Section D of policy 4300, Student Behavior Policies. The superintendent or 52 designee shall list in the Code of Student Conduct the specific range of 53 consequences that may be imposed on a student for violations of this policy.

54 The following factors should be considered when determining appropriate 55 consequences: whether the wireless communication device was used (1) to reproduce images of tests, obtain unauthorized access to school information, or 56 assist students in any aspect of their instructional program in a manner that 57 violates any school board policy, administrative regulation, or school rule; (2) to 58 59 bully or harass other students; (3) to send illicit text messages; (4) to take and/or send illicit photographs; or (5) in any other manner that would make more severe 60 disciplinary consequences appropriate. Failure to comply with a request to turn over 61 62 such devices will be disciplined as a separate or additional violation of Policy 4315.

63 C. Search of Wireless Communication Devices

In accordance with policy 4342, Student Searches, a student's wireless 64 communication device and its contents, including, but not limited to, text 65 messages and digital photos, may be searched whenever a school official has 66 67 reason to believe the search will provide evidence that the student has violated or is violating a law, board policy, the Code of Student Conduct, or a school 68 rule. The scope of such searches must be reasonably related to the objectives of 69 the search and not excessively intrusive in light of the nature of the suspected 70 71 infraction.

72 D. Liability

- Students are personally and solely responsible for the security of their wireless
 communication devices. The school system is not responsible for the theft, loss,
 or damage of a cellular phone or other personal wireless communication device.
