# Transylvania County Schools Long Range Plan

**Administrative Unit: Transylvania County Schools (Unit 880)**

## **I. Certification of Board of Education**

The Transylvania County Schools Board of Education hereby submits this Facility Needs Survey identifying existing facilities, planned capital projects, facility improvements, and new facilities needed to accommodate projected enrollments through the 2030-31 school year, in order to provide safe, comfortable, and educationally-appropriate learning environments that support the curriculum and programs in our district.

We understand that baseline construction costs have been incorporated into the survey tool and are representative of statewide construction cost averages to provide uniform comparisons.

We certify that the information provided in this submission is an accurate representation of our current facility needs. Alternatives were considered in preparing this submission, and this plan provides the best balance between capital cost and educational benefit for our students.

Signed:

\_\_\_\_\_ Chair

\_\_\_\_\_ Date

## **II. Certification of Board of County Commissioners**

The Transylvania County Board of Commissioners has received and reviewed a copy of this Facility Needs Survey prior to submission to the State Board of Education. This acknowledgement does not constitute an endorsement of, or commitment to fund, the projects identified in this submission.

Signed:

\_\_\_\_\_ Chair

\_\_\_\_\_ Date
