

Annual Local School Finance Study Data

Goal 5.3: The funding system provides adequate and aligned financial and personnel resources to maximize student achievement.

LOCAL FUNDING EFFORT

Actual Effort includes current expense (including supplemental school taxes, if any), a six-year average capital outlay, capital reserves, and interest paid on debt. It reflects the actual dollar amount of communities' spending to fund local schools.

Relative Effort includes current expense (including supplemental school taxes, if any), a six-year average capital outlay, capital reserves, and interest paid on debt. It reflects the relative dollar effort of communities' spending to fund local schools relative to their fiscal capacity, or ability to pay.
